

Critical Attributes of Key2Ed's Conflict Resolution and IEP Meeting Facilitation Workshops

- Use of facilitation skills to make meetings run smoothly, efficiently, and collaboratively
- Expert guidance through implementation of a *compliant* IEP meeting process
- Use of an Action Plan focusing on student needs and on timely and efficient IEP implementation
- Elimination of stressful power struggles, non-productive emotional conflicts, and “*them vs. us*” attitude
- Flexible problem-solving through the implementation of multiple alternatives and solutions rather than limited thinking and restricted group interaction
- Application of active listening techniques to the meeting process in order to build shared understanding and small agreements throughout the meeting process
- Exercise of multiple training strategies to ensure active participation and sustained, implementable learning for the training participants
- Systematic follow-up to address specific clients’ and training participants’ needs
- Key2Ed trainers provide the experience and knowledge necessary to help you save time, money, and assist you in helping IEP teams focus on satisfying student needs effectively
- A cost-effective solution with proven results
- 2 or 3-day training programs emphasizing facilitation skills and conflict resolution skills within a compliant IEP process
- E-learning option to assist your district in building capacity
- Intimate and personalized training sessions that are limited to 40 participants.
