

ADVANCED Conflict Prevention and Resolution through IEP Meeting Facilitation

This one-day training is for participants who have completed the initial FIEP workshop and have implemented the Key2Ed facilitation model in their IEP meetings. Participants will review and develop a deeper understanding of the tools and techniques from the core facilitation training and improve their facilitation skills for difficult meetings with the following activities:

- Review of core facilitation skills
- High-conflict role-plays
- Small-group discussion activities
- Group discussion of participants' actual facilitation experiences led by Key2Ed trainers

Our approach always includes:

- *Practical, proven techniques and strategies*
- *Hands-on, practice activities in a safe learning environment*
- *Immediate feedback from certified trainers and workshop participants*
- *Full, continuing, lifetime support from Key2Ed staff after the workshop*
